

Kumar Aggarwal Gaurav and Co. Team Allocation & Operations Platform

Master User Walkthrough Guide & Operating Manual

NOTE: This master manual serves as the definitive reference document for all operations across **Kumar Aggarwal Gaurav and Co.** and **KGAC Pvt Ltd.**. It documents all 11 user roles, system navigation, daily workflows, equipment lifecycle management, financial reconciliations, and universal data exports.

Table of Contents

- 1. Platform Architecture & Multi-Entity Framework
- 2. Master Roles & Permissions Matrix
- 3. Universal Onboarding: Login, Registration & Profile
- 4. Internal Asset Lifecycle & Hardware Custody Protocol
- 5. Role-by-Role Operating Guides
 - 5.1 Employee / Field Auditor
 - 5.2 Audit Executive (Field Team Lead)
 - 5.3 Audit Manager
 - 5.4 Operations / Department Manager
 - 5.5 Audit Planner & Scheduler
 - 5.6 Backend Staff & Data Verification
 - 5.7 Client Head & Account Lead
 - 5.8 Human Resources (HR)
 - 5.9 Finance Specialist (Margins & Billing)
 - 5.10 System Administrator
 - 5.11 Super Administrator (Platform Owner)
- 6. Universal Data Export Guide (CSV & Excel)
- 7. Troubleshooting & Frequently Asked Questions

1. Platform Architecture & Multi-Entity Framework

The Kumar Aggarwal Gaurav and Co. Platform is an enterprise resource planning and workforce management system engineered for high-volume retail audit operations, inventory verification, and team scheduling.

Supported Entities

- **Kumar Aggarwal Gaurav and Co.:** Primarily handles domestic corporate statutory audits, inventory counts, and consulting engagements.
- **KGAC Pvt Ltd.:** Manages enterprise retail store audits, third-party logistics counts, and contracted workforce operations.

Upon first login, team members confirm their assigned entity. All time allocations, billing rates, and client contracts track back to the correct balance sheet.

2. Master Roles & Permissions Matrix

The platform defines 11 specific roles. Each role is tailored to exact operational responsibilities:

MODULE / FEATURE	EMPLOYEE	AUDIT EXEC	AUDIT MGR	DEPT MGR	PLANNER	BACKEND	CLIENT HEAD	HR	FINANCE	ADMIN	SUPER ADMIN
Personal Timesheet Grid	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓

3. Universal Onboarding: Login, Registration & Access Approval

The Kumar Aggarwal Gaurav and Co. platform provides multiple secure authentication pathways depending on your organizational setup.

3.1 Method 1: Sign in with Google (Recommended Single Sign-On)

If your organization uses Google Workspace:

1. Navigate to the login portal: `https://kgac-allocation.vercel.app` (or your company intranet link).
2. On the main landing screen, click the "Sign in with Google" button.
3. A Google authentication popup will appear. Select your corporate Google email account (e.g., `firstname.lastname@kgac.in`).
4. If this is your first time logging in, your account will be provisioned in the directory and will route to the **Account Pending Approval** screen awaiting administrative assignment.
5. If your account is already active, you will be directed straight to the platform.

SCREENSHOT: SS01A: Initial Login Screen with Google SSO

Target File: `../screenshots/SS01A_login_google.png`

3.2 Method 2: Sign in with Username & Password

If you have been provisioned with standard platform credentials:

1. On the main login page, click "Username & Password" below the divider.
2. The view switches to the credential sign-in form.

3. Enter your assigned **Username** (e.g., `rahul.sharma` or `employee_id`).

NOTE: You do not need to append `@kgac-users.com` or any email domain. Enter only your base username.

4. Enter your **Password**.

5. Click **Sign In**.

 SCREENSHOT: SS01B: Username and Password Sign In Form

Target File: `../screenshots/SS01B_login_username.png`

3.3 Method 3: Self-Registration (Create User / Sign Up Page)

If you are a new team member who does not yet have credentials:

1. On the main login screen, click "Username & Password".
2. Below the form, click the link: "Don't have an account? Sign up".
3. The form title updates to "Create a new account".
4. Fill in the required fields:
 - **Full Name:** Enter your official legal name (e.g., `Ananya Patel`).
 - **Username:** Choose your unique company username (e.g., `ananya.patel` or `emp1045`).
 - **Password:** Enter a secure password (minimum 6 characters).
5. Click the primary button: "Create Account".
6. Upon successful registration, the form will automatically toggle back to the Sign In screen with your username preserved. Enter your password and click **Sign In**.

 SCREENSHOT: SS01C: Create User / Sign Up Form

Target File: `../screenshots/SS01C_create_account.png`

3.4 Account Pending Approval State & Administrator Verification

To safeguard organizational data and audit integrity, newly created accounts cannot access client schedules, internal assets, or audit records until verified by an Administrator.

1. When a new user logs in for the first time after self-registering or via Google SSO, the system displays the **Account Pending Approval** screen:
 - Displays a prominent **Yellow Clock Icon**.
 - Heading: "Account Pending Approval".
 - Notice: "Your account is awaiting admin approval. You'll receive access once approved."
 - Includes a "Sign Out" button.

 SCREENSHOT: SS01D: Account Pending Approval Screen

Target File: `../screenshots/SS01D_account_pending_approval.png`

2. Administrator Verification Workflow:

- An authorized Administrator or Super Administrator navigates to **Users & Roles** (`/admin/users`) -> **Pending Approvals** tab.
- The admin inspects the user's name and email, and assigns:
 - o **Functional Role:** (e.g., `employee`, `audit_executive`, `manager`, `planner`, `hr`, etc.)
 - o **Department:** (e.g., *Audit, Operations, Finance*)
 - o **Contractual Entity:** (Kumar Aggarwal Gaurav and Co. or KGAC Pvt Ltd.)
 - o **Operational Zone:** (North, South, East, West)

- The admin clicks **Approve User**.

3. Once approved, the user refreshes their browser or logs in again to access their role-specific dashboard.

3.5 Entity Confirmation (Kumar Aggarwal Gaurav and Co. vs KGAC Pvt Ltd.)

When logging in for the first time with an active account, if your corporate entity has not been locked:

1. The **Entity Selector Modal** will appear over the screen.
2. Select your designated operational legal entity:
 - **Kumar Aggarwal Gaurav and Co. (K.G. Audit & Consulting)**
 - **KGAC Pvt Ltd. (K.G. Professional Logistics / Services)**
3. Click **Confirm Selection**.
4. Your choice is permanently associated with your profile, ensuring your logged hours, billing rates, and audit assignments flow to the correct company ledger.

 **SCREENSHOT: SS02: Entity Selector Dialog**

Target File: `../screenshots/SS02_entity_selector.png`

3.6 Profile Management & Password Security

1. Click **My Profile** in the bottom-left navigation bar.
2. View your profile summary:
 - Full Name, registered Email, assigned Department, and Zone.
 - Corporate Entity badge (**Kumar Aggarwal Gaurav and Co.** or **KGAC Pvt Ltd.**).
 - Functional Roles assigned to your account.
3. **Changing Your Password:**
 - Enter your current password.
 - Enter your new password (minimum 8 characters with a mix of letters and numbers).
 - Confirm your new password and click **Update Password**.
4. **Signing Out:**
 - To end your session, click the red **Sign out** button at the bottom of the sidebar.

 **SCREENSHOT: SS03: Profile Settings**

Target File: `../screenshots/SS03_profile_settings.png`

4. Internal Asset Lifecycle & Hardware Custody Protocol

Field hardware custody follows a strict 4-step governance workflow:

Dashboard Asset Banners

1. **Overdue Return Warning Banner (Amber/Red):** Appears when the expected return date has passed and the asset has not been marked as returned.
2. **Awaiting Return Confirmation Banner (Blue):** Appears once the employee marks the asset returned, remaining active until the manager verifies the item.

SCREENSHOT: SS05: Overdue Asset Banner

Target File: `../screenshots/SS05_asset_overdue_banner.png`

SCREENSHOT: SS06: Awaiting Return Confirmation Banner

Target File: `../screenshots/SS06_asset_awaiting_confirmation_banner.png`

SCREENSHOT: SS10: My Held Assets Tab

Target File: `../screenshots/SS10_my_held_assets_tab.png`

SCREENSHOT: SS18: Manager Confirm Return Action

Target File: `../screenshots/SS18_asset_return_approvals.png`

5. Role-by-Role Operating Guides

5.1 Employee / Field Auditor

- Role Code: `employee`
- Primary Modules: `/calendar` , `/dashboard` , `/assets` , `/profile` .

- **Core Workflow:**

1. Open Dashboard daily to check assigned store locations under **Upcoming Audits**.
2. Open Calendar and log 8 hours daily against the assigned client project code.
3. Submit leave requests (`pto` or `sick`) prior to absences.
4. Borrow required field scanners in Internal Assets, and click **Mark as Returned** in *My Held Assets* immediately upon physical handover to the manager.

 SCREENSHOT: SS07: Allocation Calendar Grid

Target File: `../screenshots/SS07_allocation_calendar.png`

 SCREENSHOT: SS08: Log Hours Popover

Target File: `../screenshots/SS08_log_hours_modal.png`

5.2 Audit Executive (Field Team Lead)

- **Role Code:** `audit_executive`

- **Primary Modules:** `/calendar` , `/dashboard` , `/assets` , `/profile` .

- **Core Workflow:**

1. Review upcoming store teams on the dashboard 48 hours prior to audit launch.
2. Lead on-site audit associates, ensuring all staff clock in on time.
3. Keep the Audit Manager updated about any roadblocks or changes to the plan.
4. Ensure on-site hardware is kept secure and return requests are submitted promptly post-audit.

 SCREENSHOT: SS12: Audit Executive Calendar

Target File: `../screenshots/SS12_audit_executive_calendar.png`

5.3 Audit Manager

- **Role Code:** `audit_manager`

- **Primary Modules:** `/calendar` , `/planner` , `/dashboard` , `/assets` , `/reconciliation` , `/completion` , `/billing` .

- **Core Workflow:**

1. Coordinate with planners to ensure store staffing targets are met.
2. Review and approve pending leave requests in **Leave Approvals**.
3. Inspect physical condition of returned hardware and click **Confirm Return** in Internal Assets.
4. Monitor weekly task progress in **Completion** to track completed and blocked tasks.
5. Analyze audit profitability (revenue vs labor/travel costs) in **Audit Margins**.

Target File: `../screenshots/SS18_asset_return_approvals.png`

 SCREENSHOT: SS19: Leave Approvals Queue

Target File: `../screenshots/SS19_leave_approvals_tab.png`

 SCREENSHOT: SS28: Audit Margins Reconciliation

Target File: `../screenshots/SS28_audit_margins_reconciliation.png`

5.4 Operations / Department Manager

- Role Code: `manager`
- Primary Modules: `/calendar` , `/planner` , `/dashboard` , `/assets` , `/completion` , `/admin/projects` .
- Core Workflow:
 1. Supervise weekly department allocations, using **Copy Previous Week** and **Apply to Week** for fast planning.
 2. Resolve idle days highlighted in red on the interactive calendar.
 3. Authorize gear requisitions and confirm returns for all department personnel.
 4. Configure department project codes and assign team members in Project Admin.

 SCREENSHOT: SS17: Manager Dashboard

Target File: `../screenshots/SS17_manager_dashboard.png`

 SCREENSHOT: SS20: Timesheet Completion Tracker

Target File: `../screenshots/SS20_timesheet_completion_tracker.png`

5.5 Audit Planner & Scheduler

- Role Code: `planner`
- Primary Modules: `/planner` , `/calendar` , `/dashboard` , `/assets` .
- Core Workflow:
 1. Ingest multi-store client schedules via **CSV Import**.
 2. Build audit teams using the **Team Builder Modal**, assigning Audit Executives and Field Auditors.
 3. Obey system conflict detection (flags double-booked auditors or auditors on approved leave in red).
 4. Allocate external vendor contractors when internal capacity is exhausted.
 5. Publish finalized rosters to push schedules to field calendars and dashboards.

Target File: `../screenshots/SS14_audit_planner_view.png`

 SCREENSHOT: SS15: CSV Import Tool Dialog

Target File: `../screenshots/SS15_audit_import_csv.png`

 SCREENSHOT: SS16: Planner Team Builder Interface

Target File: `../screenshots/SS16_planner_team_builder.png`

5.6 Backend Staff & Data Verification

- Role Code: `backend_staff`
- Primary Modules: `/calendar` , `/dashboard` , `/assets` , `/profile` .

- **Core Workflow:**
 1. Perform backoffice store count verification, discrepancy indexing, and document audit.
 2. Log 8 hours daily on the Calendar under dedicated backend or client support project codes.
 3. Check out test hardware when configuring scanners or testing barcodes.

 SCREENSHOT: SS24: Backend Calendar Verification

Target File: `../screenshots/SS24_backend_calendar_verification.png`

5.7 Client Head & Account Lead

- **Role Code:** `client_head`
- **Primary Modules:** `/admin/clients` , `/planner` , `/calendar` , `/dashboard` .
- **Core Workflow:**
 1. Maintain client master accounts, store network directories, and contract parameters in Client Admin.
 2. Monitor execution progress of client store audits across regions in the Audit Planner.
 3. Export client-specific progress summaries for stakeholder governance meetings.

 SCREENSHOT: SS22: Client Management View

Target File: `../screenshots/SS22_client_management_view.png`

 SCREENSHOT: SS23: Client Store Audit Status

Target File: `../screenshots/SS23_client_store_audit_status.png`

5.8 Human Resources (HR)

- **Role Code:** `hr`
- **Primary Modules:** `/man-days` , `/dashboard` , `/admin/users` , `/admin/departments` , `/assets` , `/calendar` .
- **Core Workflow:**
 1. Audit company-wide idle days weekly on the Dashboard to ensure full labor utilization.
 2. Oversee employee master records and department assignments in User Admin.
 3. Export official monthly attendance files in **CSV** and **Excel** with the full 11 payroll columns.
 4. Audit central asset registries to ensure departing employees hold 0 unreturned assets.

 SCREENSHOT: SS26: Idle Days Report Table

Target File: `../screenshots/SS26_idle_days_report.png`

 SCREENSHOT: SS27: Attendance Export Dialog

Target File: `../screenshots/SS27_attendance_export_dialog.png`

5.9 Finance Specialist (Margins & Billing)

- **Role Code:** `finance`
- **Primary Modules:** `/reconciliation` , `/billing` , `/man-days` , `/calendar` , `/dashboard` .
- **Core Workflow:**
 1. Reconcile audit margins in **Reconciliation**, verifying that audit fee revenue exceeds total direct labor and contractor costs.

2. Review and approve field expense claims in **Expense Billing** and designate items as client-reimbursable.
3. Cross-reference incoming vendor agency invoices with billable contractor days in **Man-Days**.
4. Export financial summaries in CSV and Excel for accounting journal entries.

Target File: `../screenshots/SS29_expense_billing_dashboard.png`

 SCREENSHOT: SS30: Man-Days Contractor Summary

Target File: `../screenshots/SS30_man_days_summary.png`

5.10 System Administrator

- **Role Code:** `admin`
- **Primary Modules:** `/admin/users` , `/admin/departments` , `/admin/projects` , `/admin/vendors` , `/admin/clients` , `/admin/settings` , `/assets` .
- **Core Workflow:**
 1. Review new user registrations in **Pending Approvals**, assigning roles, departments, entities, and zones.
 2. Maintain department hierarchies and configure Department Managers.
 3. Configure external vendor agencies and negotiate daily contractor rate cards.
 4. Perform bulk equipment uploads using the Asset CSV Import Tool, and execute emergency asset reclaims.
 5. Configure company public holidays and core system settings.

Target File: `../screenshots/SS34_asset_bulk_import_reclaim.png`

5.11 Super Administrator (Platform Owner)

- **Role Code:** `super_admin`
- **Primary Modules:** `/admin/command-center` , `/admin/audit-log` , `/admin/database` , `/admin/roles` , plus unrestricted access to all platform routes.

- **Core Workflow:**
 1. Monitor platform health, database latency, and concurrent user sessions in the **Command Center**.
 2. Perform security forensic reviews of all system events and data changes in the **Audit Log Viewer**.
 3. Execute database maintenance routines (cache flush, table optimization, historical data archiving) in **Database Maintenance**.
 4. Authorize high-privilege administrative elevations in **Role Alignment**.

6. Universal Data Export Guide (CSV & Excel)

All tabular data across the Kumar Aggarwal Gaurav and Co. platform supports one-click export in both **CSV** and **Excel (.xlsx)** formats.

Export Catalog & Column Schemas

Module	Export Trigger	Formats	Included Columns
Attendance / Payroll	Man-Days / Dashboard	CSV, Excel	Employee ID , Name , Email , Department , Entity , Total Days , Working Days , Allocated Days , Idle Days , PTO Days , Sick Days (11 Columns)
Asset History	Internal Assets -> Reports	CSV, Excel	Asset ID , Code , Name , Category , Entity , Borrower Name , Borrow Date , Expected Return , Actual Return , Confirmed By , Status , Overdue Days
Timesheet Completion	Completion Page	CSV, Excel	Project Name , Total Tasks , Completed , In Progress , Not Started , Blocked , Completion %
Audit Margins	Reconciliation Page	CSV, Excel	Audit ID , Client Name , Store Code , Entity , Contract Revenue , Labor Cost , Contractor Cost , Expenses , Gross Margin (₹) , Margin %
System Audit Log	Super Admin Audit Log	CSV, Excel	Timestamp , Actor Username , Action Type , Target Entity , Target Record ID , Changes (Previous vs New JSON Diff)

7. Troubleshooting & Frequently Asked Questions

Q1: Why does my Calendar cell show a red "IDLE" label?

A: A weekday has been left with 0 logged hours. Click on the cell, select your project code, enter 8 hours, and click Save.

Q2: Why does my Dashboard have an amber banner saying "Equipment Overdue"?

A: The scheduled return date for company hardware in your custody has passed. Hand the item back to your manager and click "Mark as Returned" in the *My Held Assets* tab.

Q3: Why does my Dashboard have a blue banner saying "Awaiting Return Confirmation"?

A: You clicked "Mark as Returned". The blue banner remains until your Department Manager physically inspects the device and clicks **Confirm Return** in the system.

Q4: Why am I getting a "Double-Booked" conflict when scheduling an auditor?

A: The auditor is already allocated to another store audit during the same date range. You must pick an alternate auditor or adjust the audit dates.

Q5: Can an auditor belong to both Kumar Aggarwal Gaurav and Co. and KGAC Pvt Ltd.?

A: Every employee has a primary legal entity for timesheet and payroll purposes. However, Administrators can allocate personnel across projects owned by either entity when cross-charging is authorized.
