

Role Walkthrough Guide: Client Head

Client Accounts & Engagement Leadership Manual

NOTE: ****Role Designation:**** `client\_head` (Client Lead / Account Director) ****Primary Purpose:**** Client relationship management, client store master directory oversight, audit SLA compliance, and cross-account delivery tracking. ****Supported Entities:**** Kumar Aggarwal Gaurav and Co. & KGAC Pvt Ltd.

1. Role Scope & Key Responsibilities

As a **Client Head**, you own the strategic and operational relationship between Kumar Aggarwal Gaurav and Co./KGAC Pvt Ltd. and major enterprise clients (e.g., nationwide retail chains, telecom providers, consumer goods brands). You oversee client directory data, store coverage, and audit execution SLAs.

Summary of Responsibilities

- 1. Client Master Management:** Configure enterprise client accounts, key points of contact, and contract terms in Client Admin.
- 2. Store Network Directory:** Oversee the master list of client retail outlets, warehouses, and distribution centers.
- 3. Audit Schedule Alignment:** Work with Audit Planners to verify that client contract schedules are fully staffed and running on time.
- 4. Delivery & SLA Tracking:** Review audit completion metrics across all assigned accounts to ensure 100% on-time audit delivery.
- 5. Issue Escalation & Governance:** Address client store access bottlenecks or scheduling delays.

2. System Access & Navigation Overview

NAVIGATION ITEM	ROUTE	KEY PURPOSE
Clients	/admin/clients	Master directory of client accounts, contracts, contacts, and store locations.
Audit Planner	/planner	High-level schedule tracking, store coverage review, and delivery status.
Calendar	/calendar	Personal timesheet logging and team visibility.
Dashboard	/dashboard	Executive overview of upcoming client audits and platform activities.
Internal Assets	/assets	Standard equipment catalog and personal requisitions.
My Profile	/profile	User contact information and credential management.

3. Step-by-Step Operating Procedures

3.1 Authentication, Registration & Onboarding

Client Heads access enterprise accounts via:

- **Sign In with Google:** Click "Sign in with Google" with your authorized company email.
- **Username & Password:** Click "Username & Password", enter username (without domain) and password.
- **Create Account (New Client Leads):** Register via "Don't have an account? Sign up". Newly registered accounts display **Account Pending Approval** until assigned the `client_head` role by an Administrator.
- **Entity Confirmation:** Confirm **Kumar Aggarwal Gaurav and Co.** or **KGAC Pvt Ltd.** on first login.

3.2 Supervising Client Store Schedules in Audit Planner

1. Navigate to **Audit Planner** (`/planner`).
2. Use the Client filter dropdown to isolate your specific client accounts.
3. Review the execution status of scheduled stores:
 - **Unassigned (Gray)**: Stores requiring team allocation by the Planner.
 - **Scheduled (Blue)**: Field team roster assembled and confirmed.
 - **In Progress (Amber)**: Field team currently on-site conducting counts.
 - **Completed (Green)**: Audit completed and reconciled.
4. Identify any unstaffed stores within 5 days of execution and coordinate with the Audit Planner to prioritize staffing.

The screenshot displays the 'Audit Planner' interface within the 'Team Allocation' app. The left sidebar contains navigation options: Calendar, Audit Planner (selected), Dashboard, Internal Assets, ADMIN, and Clients. The main content area is titled 'Audit Planner' and includes a sub-header 'Import client requirements and build audit teams.' Below this are tabs for 'Import Data', 'Team Builder' (selected), and 'Vendors'. The 'Team Builder' tab shows a list of 'Scheduled Audits' with columns for store name, client, and date. The list includes: Store 30 (Demo) - Tech Solutions (Demo) - Sep 9, 26; Store 1 (Demo) - Tech Solutions (Demo) - Sep 19, 26; Store 28 (Demo) - Retail Corp (Demo) - Sep 21, 26; Store 22 (Demo) - Mega Mart (Demo) - Sep 27, 26; and Store 29 (Demo) - Mega Mart (Demo) - Sep 29, 26. To the right, a detailed view for 'Team: Store 30 (Demo)' is shown, including revenue (₹ 5000), required leads (1), and required executives (2). It also displays the status as 'Scheduled' and a 'Team Size Satisfied' message with 'Leads: 1 / 1' and 'Executives: 2 / 2'. Below this, there are buttons for 'Add Vendor' and 'Add Employee'. The bottom section shows individual team members: 'Individual 1 (Demo)' (Lead, External Vendor) and 'Karan Singh' (Executive, Internal Employee).

3.3 Exporting Account Reports for Client Reviews

1. In the **Clients** portal or **Completion** tracker:
2. Filter the report to the target client account.
3. Export the schedule status report via **Export as Excel**.
4. Use this structured data for weekly client governance and executive stakeholder reviews.

4. Client Leadership Checklist

- [] **Store Directory Accuracy**: Ensure client store addresses, store manager contacts, and store codes are updated before schedule import.
- [] **Weekly SLA Review**: Review the Audit Planner every Monday to ensure 100% of upcoming stores for the month are accounted for.
- [] **Billing Entity Verification**: Verify that new client contracts are assigned to the correct billing entity (Kumar Aggarwal Gaurav and Co. vs KGAC Pvt Ltd.).
